KEY MODULES:

- Automatic Attendance
- Security
- Surveillance
- Retail

OBJECTIVES:

RMG Industry

One of the main objectives of PrideVision is to transform our Manufacturing Industry to Industry 4.0 revolution. If each employee could be identified within the premise, their work hours could be accurately monitored, the overall work environment will be more secure, and valuable time will be saved.

Educational Institution

Students, Teachers, Staff and all affiliates of the institution can be automatically checked in when they enter or exit the premise, making it easier to count attendance, enhancing the safety of everyone.

Banks and Corporate Institutions

Safety and security in finance has been always a major concern over the years. Manual observations and surveillance over the CC cameras in those institutions is a costly and time consumingtask.PrideVision can identify possible threats, abnormal activities which can help the authority to take immediate security measures.

Hotels and Hospitality Industry

With PrideVision,the industry can identify a customer with face recognition and determine their preferences, predict the likelihood of criminal behaviour based on previous record, provide a more personalized and faster service, and improve the security of their payments through face authorization.
